Summary

About me: I'm very cool and handsome guy (just kidding)). I like sports (especially tennis), movies, games and coding.

Skills

Delphi	COM	C++
C#	Rannorex	nUnit
Qt	Silktest	OpenGL
SVN	VSS	Git

Experience

Developer at Eleks
January 2011 - Present

Job responsibilities: New functionality creation according to specification, bug fixing, old-code improovement, creation and support autotests.

Automation tester at Eleks
April 2008-January 2011

Job responsibilities: Creation and running scripts (mostly using SilkTest) to get localized screenshots for Autodesk products' help. Comparing the localized screenshoots to the reference ones, post-processing them if they don't look the same. Generate animation from the screenshots (if needed), using Adobe Captivate.

Education

Faculty - Heat Engenering. Speciality - Automation and Computer-Integrated Technologies (1995-2001)
Education: Lviv Politechnical University, Ukraine
